

Customer reference for H&H Builders:

I have had H and H builders to work at my house several times. The guys arrive early, they work hard and they finish the job. Herbert has many skills that he has been able to offer me. Paving, Concrete Work, Building, Plastering, Skimming and Painting, all the work done has been done neatly and Herbert has been able to offer me insight into aspects of doing the job right as he is very experienced! I would highly recommend working with them!
